**P R E S S**

- Following the entry into force of the Lisbon Treaty<sup>2</sup> on 1 December 2009, the European Union acquired a competence in the area of sport allowing the Union to carry out actions to support, coordinate or supplement the actions of the Member States to contribute to the promotion of European sporting issues, while taking account of the specific nature of sport, its structures based on voluntary activity and its social and educational function. Consequently, the European dimension in sport is to be developed by promoting fairness and openness in sporting competitions and cooperation between bodies responsible for sports, and by protecting the physical and moral integrity of sportsmen and sportswomen, especially the youngest sportsmen and sportswomen. Co-operation with third countries and competent international organisations, in particular the Council of Europe, shall be fostered.

2. AWARE that

- some of the issues dealt with by WADA fall within the EU sphere of competence whilst others are the responsibility of the Member States;
- given that WADA is structured on a continental basis, close cooperation with the Council of Europe is necessary with a view to having a common understanding on all items of European interest.

3. CONSIDERS THAT

- ensuring that the views of the EU and its Member States are given due weight in WADA deliberations is of a crucial importance;
- where appropriate, e.g. in the light of the EU acquis and the duty of sincere co-operation, EU and Member State positions shall be coordinated, under the responsibility of the Presidency, in good time and in efficient manner prior to meetings within WADA."
